

Perched at the edge of Paine Field, the Future of Flight Aviation Center features a unique venue for both meetings and special events. Its sleek new building offers eight distinctive spaces to host everything from 10-person executive meetings to gala receptions for 999 guests.

The soaring spaces in the glass-walled Lobby and Aviation Gallery invite festive events, while the meeting rooms ensure productive business. And the outdoor Strato Deck delights with its panoramic Cascade vista from Mt. Rainier to Mt. Baker.

Complete audio visual services from basic microphones to video-conferencing ensure your group has everything it needs for a successful meeting or event. All equipment is state-of-the-art, and onsite technicians are available to keep it operating smoothly.

Whether a function involves one or several of this premier facility's event spaces, guests will enjoy a truly memorable experience at the Future of Flight.

The Future of Flight Aviation Center & Boeing Tour is a unique interpretive facility designed to let visitors experience the marvel of commercial jet aviation and production. It celebrates the historic accomplishments of the last 50 years—since the first flight of the Boeing 707—and highlights the technological possibilities for

powered, winged flight during the next 50 years. The goal of the Future of Flight Aviation Center & Boeing Tour is to educate, entertain and engage our global community to inspire innovation.

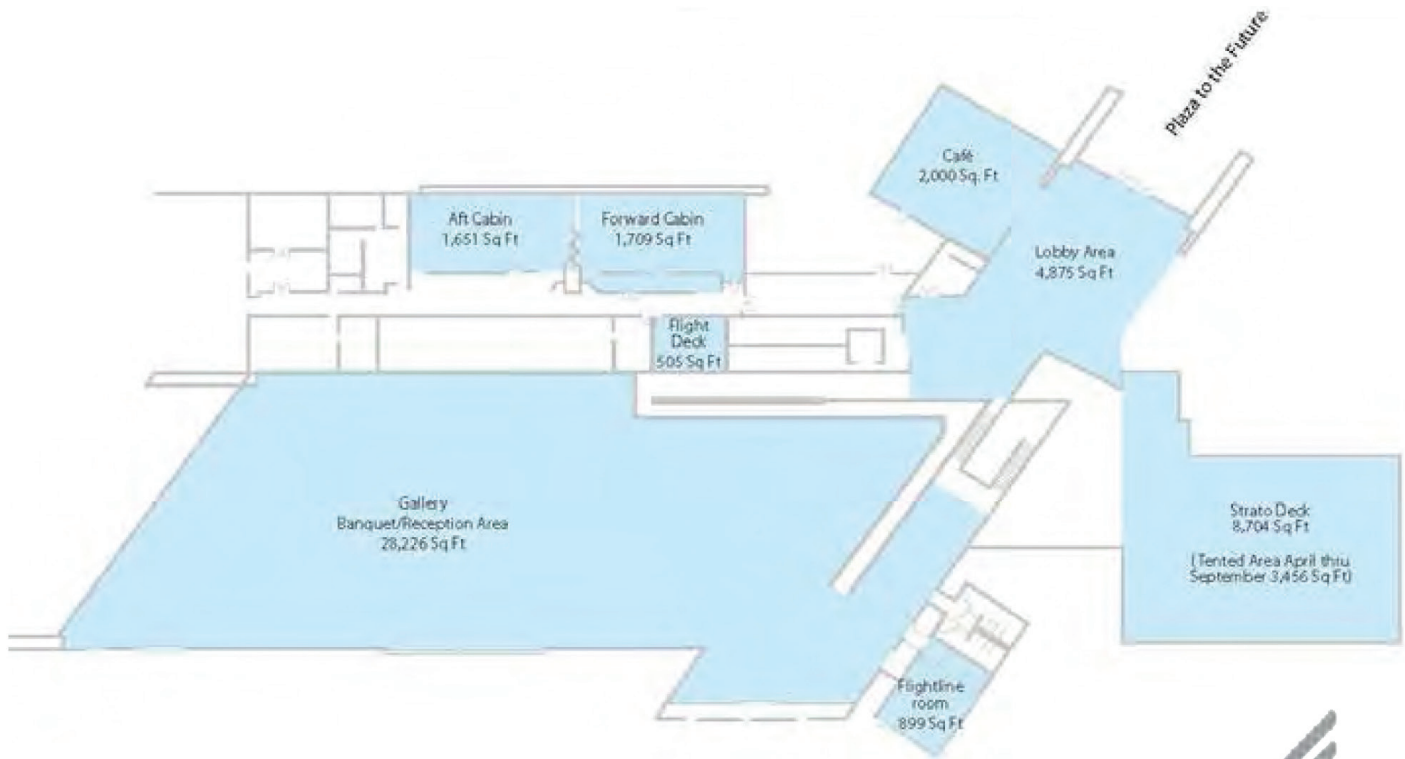

The Future of Flight Aviation Center & Boeing Tour is an interactive center showcasing the art and science of innovation and aviation's profound impact on the world. Home of the Boeing Tour, the Center features a commercial aviation technology gallery, conference facilities, theater, café and gift shops.
